

*Treasured memories...  
come from ordinary moments.*

**B**etween one winsome grandfather and one lucky little boy are keepsakes of the heart... memories made by the two of them for all time. Most are simple. Checkers and hot chocolate. Hugs and silly songs. A special wink that means "we're in this together."

But their time together is coming to an end. With insight and tenderness, author Susan Jones tells the story of what comes next for a little boy who discovers memory-making is a language of love that can be whispered across the years.

*"This poignant children's book handles the subject of loss in an elegant manner. Gently, the coming and going of generations and the naturalness of life's cycle are put into clear focus. I recommend this book as a wonderful tool to begin understanding, dialogue, and healing."*
